

Calling all landscape professionals, irrigation specialists, conservation staff, and parks, planning, and public works professionals:

## Join us for the **WATERSHED WISE LANDSCAPE PROFESSIONAL TRAINING**

an EPA WaterSense Certified Irrigation Systems Auditing Program

**December 7-8, 2016 | 8-5pm**

This certification is designed to train professionals and their clients on the benefits of building healthy living soil and managing rainwater to reduce irrigation.

### Sign up and learn how to:

- Conduct a landscape water audit and site evaluation
- Remove lawn and build living soils
- Design and site rain gardens
- Calculate irrigation run times and precipitation rates to eliminate runoff
- Identify new water efficiency techniques and technologies

Chino Basin Water Conservation District, Dept. of Water Resources, and BIA of Southern California Baldy View Chapter are providing the training at:

**\$150/PERSON**

(a \$600 value)

Handbook and meals included
