

Calling all landscape professionals, irrigation specialists, conservation staff, and parks, planning, and public works professionals:

Join us for the

WATERSHED WISE LANDSCAPE PROFESSIONAL TRAINING

an EPA WaterSense Certified Irrigation Training Systems Auditing Program

June 29-30, 2017 || 7:30-5:30 pm

This certification is designed to train professionals and their clients on the benefits of building healthy living soil and managing rainwater to reduce irrigation.

Sign up and learn how to:

- Conduct a landscape water audit and site evaluation
- Remove lawn and build living soils
- Design and site rain gardens
- Calculate irrigation run times and precipitation rates to eliminate runoff
- Identify new water efficiency techniques and technologies

Sponsored by:
