

WATERSHED WISE LANDSCAPE PROFESSIONAL TRAINING

Professional Certification: Redefining Outdoor Water Use Efficiency

August 16th & 17th • 7:30 am - 5:30 pm

Norman P. Murray Center • 24932 Veterans Way, Mission Viejo, CA 92692

G3's US EPA WaterSense recognized Watershed Wise Landscape Professional Certification (WWLP) qualifies conservation, water quality and landscape professionals to evaluate irrigation systems and factor rainwater use efficiency into outdoor water efficiency analysis. Today's professionals need to be more than water wise, they need to become **Watershed Wise** in order to manage the limited resources of the planet without sacrificing the beauty and functionality of our landscapes.

WWLP Learning Objectives:

- ✓ Conduct a Landscape Water Audit and Site Evaluation
- ✓ Design Projects within Water Budgets using Plant Factors
- ✓ Use Soil Food Web Principles to Remove Lawn without chemicals and Build Living Soil
- ✓ Size and Site a Rain Garden that holds on to First Flush
- ✓ Calculate Irrigation Run Times and Precipitation Rates to Eliminate Dry-weather Runoff
- ✓ Select Highly Efficient New Techniques and Technologies

\$104 per person | Space is limited

Breakfast, lunch, and snacks will be provided on both days for all participants.
